

Serial No. 10/058,000

R E M A R K S

The claim on page 66, lines 29-32 of the application, was misnumbered as claim 28; claim 28 also appears on page 64, lines 1-9. Because the claim on page 66 was misnumbered in the application as filed, Applicant has amended this claim, despite 37 CFR 1.119, which prohibits renumber of claims. Renumbering is necessary in the present case to avoid ambiguity. This claim has also been amended to reflect differences in spelling between British and American usage.

Entry is in order.

To the extent necessary, a petition for an extension of time under 37 C.F.R. 1.136 is hereby made. Please charge any shortage in fees due in connection with the filing of this paper, including extension of time fees, to Deposit Account 07-1337 and please credit any excess fees to such deposit account.

Respectfully submitted,

LOWE HAUPTMAN GILMAN & BERNER, LLP

MARKED UP VERSION SHOWING CHANGES

[28.]41. Apparatus according to claim 26, wherein the said setting arrangement comprises a user input arrangement operative to enable a user to change said offset, and a [stabilisation] stabilization arrangement operative to vary the said offset such as to [stabilise] stabilize the audio field reference relative to one of:

- a user's head;
- a user's body;
- a vehicle mounting the apparatus;
- the world.
